STRIKE ORDER STANDS IT WAS REPORTED AT MINERS' CONFERENCE

Government Officials and Representatives Have Decided on Plan to Cope With Situation

Meanwhile Officials of New Conference Called the Miners are in Conference to Protect Their Interests

(By United Press)
Indianapolis, Ind., Oct. 29—The coal strike order still stands it was announced during the recess of the executive board of the United Mine Workers of America which met in conjunction with district presidents, the scale committee and international officials today to consider the president's request that the strike order be rescinded.

There will be another meeting this afternoon and an important statement will be issued, it was announced. Its presidents assured John Lewis, acting president, of their support, saying they were back of him "to the man," according to Ellis Searles, editor of the United Mine Workers Journal and official spokesman for the miners. He said nothing to indicate that Lewis would change his position regarding the strike.

Miners Leaders in Conference

Indianapolis, Ind., Oct. 29—Leaders of the United Mine Workers went today to conference shortly before noon today to "take cognizance of the general situation surrounding the call for a strike of one-half million coal miners next Saturday morning."

The doors were closed and no one but those accredited were admitted. The meeting was delayed by failure of many to arrive on time. The first of the men sauntered into the hall on the thirteenth floor of the Odd Fellows buildings at 9:30. The conference was called for 10 o'clock. It was stated by some of the international officials that the meeting "will give thorough consideration to the statement of President Wilson of last Saturday, declaring the proposed strike unlawful." A reply is expected to be drafted in this connection.

E. Stewart, president of District Eleven of Mine Workers, said: "The miners are behind Lewis 100 per cent." District No. 11 covers the Indiana fields. It is known that government agents will keep close watch of the meeting.

Cabinet Agreed on Policy

Washington, Oct. 29—How to deal with the soft coal strike in event the miners, ignoring President Wilson's command to stay on the job, walk out Friday night, was definitely agreed upon today at a two-hour meeting of the cabinet.

The plan of action was not disclosed, but it is known that the cabinet stood as one man for protection of the rights of the public which would suffer with the closing of the mines in which ordinarily more than 500,000 members of the United Mine Workers of America are employed. But while steps taken and which might be regarded as drastic, were approved, Secretary Lansing, who presided, brought word from the meeting that the situation was not hopeless. All day the belief has grown that the international executive board, at its meeting tomorrow at Indianapolis, would postpone the strike, at least. Hope was expressed in some quarters that the strike would be called off by the men who had called it.

Mr. Lansing would not say if any facts had been laid before the meeting to justify hope of averting the strike.

Senate Will Take Action

Washington, Oct. 29—Steps to cope with the danger of a general industrial tie-up will be considered in the senate today. The Thomas resolution which would authorize the use of troops at civilian pay to keep open all communication and transport channels during any labor trou-

(By United Press)
Washington, Oct. 29—President Wilson today had before him plans for a new industrial conference drawn by his cabinet.

The cabinet agreed on the membership and submitted names to the president for consideration. He is expected to call the conference within a few days. Leaders of the public group in the old conference will not be included in the new list.

ble is expected to be called up for action.

It is the hope of Thomas that the adoption of his resolution would serve as a warning to both labor and capital that the government is determined to use a strong hand in preserving the public interest if the labor leaders carry out the threatened strike.

Thomas has offered another resolution which would assure the president the support of the senate in any step he takes to deal with the threatened strike. This resolution is likely to meet opposition. It was said many of the senators are in sympathy with its general purpose.

Gov't. Seizes Colorado Lignite

Denver, Col., Oct. 29—The railroad administration today commandeered all lignite coal in transit in Colorado in preparation for the threatened coal strike. All lignite coal to be mined in northern coal fields of Colorado during the remainder of the week also will be taken for the railroad lines under direction of Hale Holden, regional director.

Town Seizes Coal

Oklahoma City, Oct. 29—The city of Kenefick, Oklahoma, a small cotton town, today seized two carloads of coal to prevent tie-up of the town's industry by the threatened coal strike. The coal was consigned to railroads at Commerce, Texas. The townspeople turned the coal over to the Kenefick Lignite Company.

Seizure of Coal Denied

Washington, Oct. 29—The railway

Henry L. Doherty in these days is an international celebrity because of his prominence as an owner of oil, gas and electric properties.

Senate Rejects the Last Two Amendments

These Amendments Provided That Nation Should Have More Than One Vote

(By United Press)
Washington, Oct. 29—The senate today rejected the Shields amendment to the peace treaty by a vote of 31 to 47. The Moses amendment also was defeated 36 to 47.

Washington, Oct. 29—The senate today rejected the last of the amendments to the peace treaty proposed by the Foreign Relations Committee when it defeated the Shields and Moses amendments.

The Shields amendment was the first voted on and rejected 31 to 47. The Moses amendment was beaten 36 to 47. The amendments previously rejected were the Shantung and the Fall amendments to eliminate American representation from commissions set up by the treaty, and the Johnson amendment to equalize the voting power of America and Great Britain in the league of nations. The Shields amendment would have given empires with dependencies in the league only one vote, although allowing a maximum of three delegates, but without power to vote. It was substituted for the Moses amendment.

administration is awaiting to see if the soft coal strike will be settled. Bruce Claggett, assistant to Rail Director Hines said today in denying that the railway administration had ordered the seizure of coal in transit. He also denied that Hines had authorized Regional Director Hale Holden to confiscate lignite coal in transit in Colorado.

Doughboys, Off Duty From Keeping Watch on the Rhine, Dancing With German Girls

Hating the Germans is all right, says the American doughboys detailed to keep a "watch on the Rhine," but at times they ease up their emotions a bit. When on leave they are permitted to visit places of interest. Some of them are seen here dancing with German girls. For some time after the armistice was signed American soldiers were not permitted to fraternize with the Germans.

Diligent Effort Will Be Made

To Enforce War Time Prohibition Law Which Went Into Effect Over President's Veto

(By United Press)
Washington, Oct. 29—The national prohibition lid was clamped down tight tonight with the government ready to seize all power of the new enforcement bill. It became law yesterday when congress overrode the President's veto.

The first work of enforcing war time prohibition, according to law, lies with the bureau of internal revenue. Collections made by the bureau are to be turned over to the department of justice for criminal prosecution.

Evidences in large cities have been collected and the Attorney General is expected to start wholesale prosecution. Roper, Commissioner of internal revenue appealed to several important cities in the United States to support him in administering of the prohibition law. For the present employees of Roper who can be spared from other work will be put on prohibition duty in an effort to enforce prohibition effectively.

Close cooperation between federal, state and county and municipal officers is important. Efforts have been made to get in touch with governors and mayors and request their cooperation, and urge upon the sheriffs the necessity of their assuming immediately the responsibility to the new act.

Congress Appropriates Money to Enforce Prohibition Bill

Washington, Oct. 29—Congress today gave a final approval to the bill appropriating the money necessary to carry out the provision of the prohibition enforcement measure, which became law over President Wilson's veto yesterday.

The measure in which the appropriation was carried was a deficit bill. The bill gave the Department of Justice \$24,400,000 which congress was told will be used for prohibition enforcement as well as to finance a campaign to bring down high prices.

ALLEGED BOMB THROWERS ARE ARRESTED

Five Men and One Woman Taken Into Custody on Information From Chicago Police

Cleveland, Ohio, Oct. 29—In arresting five men and one woman and finding a quantity of explosive here, Cleveland police today believe a big step had been taken in clearing up the mystery of the nation-wide bombing last May and June.

The arrests were made in four simultaneous raids in this part of the city. According to the chief of police the signal for action came from the Chicago police. The chief said he believed the six were members of one of the most dangerous bands of anarchists in the country. The identity of two of them was made known. Chicago police informed the Cleveland police that an attempt would be made to blow up the police station here.

To Seize City Government

Cleveland, Ohio, Oct. 29—Seizure of the government of Cleveland through a reign of terror by wholesale dynamiting and murder was the aim of six men and one woman arrested in connection with the plot to blow up the police station here. A widespread round up of foreign born persons and others known to have been affiliated with radicalism was ordered by Chief of Police Smith.

The seventh was taken early today following the capture of the other six last night. Police said they found enough explosives concealed to blow up a dozen huge buildings. In addition revolvers, knives and other weapons were found.

New York Lot Sold for \$450,000

New York, Oct. 29—Striking testimony of the value of land in New York's financial district was offered in the sale of a plot 46 by 42 feet for \$450,000. The land, which was thus sold, for \$233 a square foot, is situated in the immediate vicinity of Wall street and will be occupied by a bank building.

Thomas W. Brahaney, assistant secretary to President Wilson during his entire term of office, who has resigned his position at the White House to become secretary and assistant treasurer of the American Republics corporation of New York city.

German Violates Armistice Conditions

Supreme Council in Session to Determine the Penalties That Should be Imposed

(By United Press)
Paris, Oct. 29—Germany was definitely charged with violation of various provisions of the armistice in an official report of the supreme council today. Following a submission of the report the council went into conference to decide what nature of penalties will be inflicted.

A report of the violation of military clauses was presented by Marshal Foch. Naval violations were reported by Commander Fuller of the British navy and the financial violations were presented by Paymaster Celles.

Lower Food Prices Must Come Soon

Predicts Herbert Hoover Because of the Large Surplus Stocks Accumulating

(By United Press)
Washington, Oct. 29—Lower food prices must come within the next few months because of the large surplus of supplies now accumulating, Herbert Hoover predicted before the house war-time expenditure committee today.

As a result of this year's harvest a surplus of from sixteen million to twenty million tons of food is expected. This accumulation has lowered wholesale prices but not retail prices.

FIRST INDUSTRIAL CONFERENCE OF WORLD CONVENES

Open Sessions in Washington Today--Each Nation Having Two Representatives

Hines Expected to Refuse Rail Wage Increase

Brotherhoods' Leaders and Federal Director Will Hold Conference Today

Washington, Oct. 28—President W. G. Lee and the general committee of the Brotherhood of Railway Trainmen will confer tomorrow with Director General Hines on the union's wage demands which are about to be decided. Mr. Hines has had the recommendations of the board of railway wages before him for two weeks. It is considered certain that the union's request for a general wage increase will be refused. Mr. Hines will act on the demand independently of President Wilson but the president's general policy, laid down at the time the shopmen were denied a general increase but given an adjustment of inequalities compared with union members, will govern his decision.

Chicago, Oct. 28—Officials of some of the 14 lodges of the Brotherhood of Railroad trainmen that voted at a secret meeting Sunday to strike on Oct. 30, unless their wage demands presented to the railroad administration's board of wages and working conditions were granted in full, today denied that the strike would go into effect without negotiations. Other officials were absent from the city and the opposing expressions left the strike situation obscure.

Captain and Crew Cleared of Blame

(By United Press)
Muskegon, Mich., Oct. 29—With investigation under way to determine the sinking of the Crosby Line steamer, City of Muskegon, which resulted in the death of sixteen, fourteen of whom have been identified, survivors were unanimous in clearing Captain E. Miller and other members of the crew from the responsibility of the accident.

One Representing Employers and One Labor --United States is Not Represented

RALPH COUCH, (United Press Staff Correspondent.)

Washington, Oct. 29—The first industrial conference of the world was to convene in accordance with the league of nations. Employers of each nation are to be represented by one delegate and labor by one delegate appointed by their governments.

The world public was to be represented through government delegates, two for each nation.

The conference was styled an international labor conference and will go immediately to work on an extensive program on which an organized committee has been at work for some months. It includes five topics. The first deals with women and children in industries and the other a forty-eight hour week. The aim of the conference will be in the form of recommendations for laws to be passed by each nation participating. The United States, the host to the conference, will have no delegates because congress refused to authorize the president to name representatives to any commission or conference under the peace treaty until it is ratified.

Want American Delegates

Washington, Oct. 29—The international labor conference immediately after assembling here today invited American representation to take part in its proceedings on behalf of the United States which called the conference. Secretary of Labor Wilson rapped for order at 12:07.

"Our hearstones are your," said Wilson. "Upon solution of questions before this conference depends the future security of the world, upon these questions depends the well-being of men and women. This will be the final measure of the work of the conference."

Immediately after Wilson finished, an official began reading his speech in French.

The conference authorized its organized committee to send an invitation to United States employers and organized labor to send one delegate each.

The United States, under the rules of the league of nations of which the conference is a part, is entitled to four delegates, all to be appointed by the government, but the conference opened without representation by the United States because of the action of congress not to name representatives on any peace treaty or commissions until the peace treaty is ratified. Because of this a response to the invitation is doubtful.

STEAMER SINKS IN LAKE ONTARIO

Carried Crew of Seven Men and All Hands Are Reported Lost

(By United Press)
Oswego, N. Y., Oct. 29—The steamer Homer Warren bound from Oswego to Toronto was foundered off Sodus, forty miles west of here by a 60 mile gale that swept the lake Tuesday. All hands were lost. It carried a crew of seven.

President's Improvement Still Continues

Washington, Oct. 29—"The president's improvement steadily continues," said a statement issued today by Drs. Grayson, Ruffin and Stitt.

"He is eating, sleeping, digesting and assimilating well. His improvement has now reached the point where it is not considered necessary to issue daily bulletins. The people of the country will be notified of any change in his condition."

LABORERS STRIKE

Water Main

LABORERS STRIKE

Demand Increase From 45c to 50c an Hour. Walked Out at 1 A. M.

Today

THE CITY ENGINEER IS NOTIFIED

Main Laid up to Corner of Sixth and Front and Work Stopped

Men laying water mains for the city struck at 1 o'clock this afternoon following repeated demands for an increase of wages from 45c to 50c an hour. The men early in October petitioned the water and light board for an increase such as named and it was referred to the council by the board. It is stated. Later the board referred it to the council for its recommendation and the council O. K.'d it.

To bring matters to a head and get the raise desired, the men quit work at 1 o'clock after notifying City Engineer R. T. Campbell.

CHURCH MEETING

HELD TONIGHT

There will be a union meeting of the First Baptist church and the Swedish Baptist church at the First Baptist church this evening. Dr. Divine of New York City will be the principal speaker.

Prince of Wales

at Montreal

(By United Press)

Montreal, Quebec, Oct. 29.—The Prince of Wales left on a tour in adjacent Quebec cities returning tonight to attend a special entertainment given in his honor by the army and navy veterans association.

At a military ball given in his honor the Prince danced with several Canadian girls that he had met in France. After that the Prince would pick out his own partners and ask to be introduced. Miss Marjory Blackader was the only one with whom he danced twice.

Bolshevik Assume

Offensive at Petrograd

(By United Press)

London, Oct. 29.—The bolshevik taking the offensive on the Petrograd front have made important advances on several points and recovered Kravne Selo Moscow wireless declared today.

A dispatch from Viborg said Col. Elvengren of the Finnish army captured Toxokovo, seventeen miles northeast of Petrograd in an unauthorized raid from the Finnish frontier.

Alcohol From Moss.

A Swedish syndicate is planning to distill alcohol spirit from white moss, there being enormous quantities of it available.

Used as Washboard.

The sides of a new vacuum washer for laundry purposes are corrugated, so it can be used as a washboard.

Potash in Sicily.

Rich deposits of potash have been discovered in Sicily.

When a Child has Croup

Thousands of mothers say Foley's Honey and Tar Compound is the best remedy they know for croup, coughs and colds. It cuts the thick, choking mucus, clears away the phlegm, opens air passages and eases hoarseness. The gasping, strangling fight for breath gives way to quiet breathing and peaceful sleep. H. P. British Government Again Facing Crisis

Bill Renewing War Time Restrictions Was the Measure Which Provoked Hostility

(By United Press)

London, Oct. 29.—The government was expected to face another serious situation in the House of Commons this afternoon. A new crisis has arisen over the bill renewing certain war-time restrictions. The people ruled that the bill was wrongly drafted technically. Andrew Bonar Law, government spokesman, declared it was impossible to make the bill's proposition effective until general ratification of the peace treaty. He said there is no time to withdraw the bill and submit a new one and he challenged the house to vote confidence of the league and confidence of the government. Following a bitter debate a hostile motion to adjourn defeated 238 to 76 temporarily saving the government. Debate on the bill is expected to be renewed today.

Mine on Fire, Miners Imprisoned

Efforts Being Made to Control Fire

Futile So Far and it is Feared the Miners are Lost

Canton, Ohio, Oct. 29.—About 20 miners were imprisoned by fire in mine No. 2, the Youghiogheny and Ohio Company of Amsterdam, thirty miles southwest of Canton. The fire is rapidly gaining headway. Every available means has been employed but no headway had been gained at 1 o'clock. It is feared that the men will lose their lives, according to mine officials. About forty were employed but the others escaped through air shafts when the fire broke out at 10 o'clock this morning.

WOMAN'S REALM

JOINT MASQUERADE

Juniors and Seniors Have a Hallo-wen Party at High School

(Contributed)

A joint masquerade of the Juniors and Seniors was held at the high school Saturday night and proved to be very successful. An initiating party of ghosts met the guests at the door and ushered them to the dressing room from whence they were taken, one by one, and put through a strenuous initiation. No broken bones have as yet been reported but none will deny that they were "shocked."

An enjoyable program in which both the Juniors and Seniors took an active part, was given in the auditorium. Albert Buscher won the handicapped track meet between classes. Geo. Gilbertson, the world-famous high-diver in shallow water, dove from the rafters of the auditorium into a bath tub of water. However, we have our doubts for we think the real performer was the latest addition to the Senior prom, a personage who answers to the name of Algernon Smythe.

There has been rather keen rivalry between the Juniors and Seniors, so Saturday night two Indian maidens, Amy Pentin and Kathleen Gemmell, in stately Hiawatha verse, buried the hatchet forever, so that now they may dwell in complete accord.

The many charming costumes of the guests made the auditorium a scene of unusual beauty. When the charming young lady attired in a bathing suit, half stockings and bathing cap appeared on the stage and revealed her captivating self as James Mahlum, the party received the second "shock" of the evening.

The dimly lighted dining room presented a very ghost-like aspect with its fantastic decorations. Covers were laid for one hundred and twenty. After a typical Halloween luncheon toast were given by the faculty and members of the classes. The party was a great undertaking but it is believed that everyone had a thoroughly enjoyable evening.

Catarhal Deafness Cannot be Cured, by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarhal deafness, and that is by a constitutional remedy. Catarhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All druggists, 75c. E. C. Cheney & Co., Chicago, O.

Mrs. Fernanda Rhabouchinsky, a noted Italian beauty, and an accomplished musician, has become the bride of Robert Goelet. They were married in Paris. She began divorce proceedings in 1916 while in this country. Mr. Goelet, only son of the late Ogden Goelet and heir to millions, was divorced from his first wife, who was Miss Elsie Whelen of Philadelphia in 1914. As a captain Goelet served with the Seventy-seventh and Eighty-second divisions in the Oise-Aisne and Meuse-Argonne offensives and was cited for gallantry. His bride's father is Professor Mariano Rocchi, head of the department of painting and design of the University of Perugia, Italy.

NORTH LONG LAKE

A basket social was held in District No. 3 on Friday evening, Oct. 24. The girls brought miniature automobiles to be auctioned and cars of every make and description were in evidence.

A short program was rendered which was as follows:

Selection Long Lake Orchestra
Reading Miss Doris Ellis
Selection Long Lake Orchestra
Reading H. C. Hughey
Contest Between the Fordandellions and the Over Landragons.

(a) Pumping up the tires.
(b) Making the hill on high.
(c) Putting on the side curtains.
(d) Filling the radiator.
(e) Half-mile race.

The Fordandellions won by one point. The contest was exciting even tho the tires were paper bags and every thing else in accordance.

The winning contestants showed their spirit by giving some yells which rent the air for miles around.

Rev. W. J. Smith spoke in the school house of District 3 on Sunday, Oct. 26.

Wm. F. Smith of State Grove, Ill., has been visiting his brother-in-law J. L. Ellis and family the past week. K. J. Nesheim is still busy threshing.

Miss Ruth Thayer, who is teaching in Dis. 71 spent Saturday and Sunday with Mary Hughey.

Rev. J. H. Barkey of Brainerd will speak in the school house Sunday, Nov. 2 at 3 p. m.

The choir meets at Hughey's to practice Monday evening.

Miss Dora Peterson and Hilmer A. Wilson were married at the home of the bride's parents Mr. and Mrs. C. L. Petersen in the town of Long Lake on Oct. 26. Rev. P. G. Fallquist officiating. The many friends join in wishing them a long and happy life.

COUNTRY COUSIN

"Kiss Me Again" at the Park Theatre Friday, Oct. 31

THE DYSPEPTIC

"You mustn't drink coffee,
You mustn't take tea,
And milk is a substance
Where microbes make free.

You mustn't oversleep—
You must take plenty of rest;
You may not eat meat
Nor the things you like best.

There's danger in bread,
On account of the yeast,
And fruit makes a most
Undesirable feast.

How can you keep up
With life's dreary grind,
With naught in your stomach
And much on your mind?"

Eat What You Want When You Want It

A great part of the pleasure of living is gone when one has to forego the enjoyment of eating favorite foods. You can eat what you want and when you want, if you'll use EATONIC

This remedy is in tablet form. It is pleasant to use, and prompt in results. Eatonic will quickly restore your digestive organs to normal condition so that you may eat heartily without fear of distress.

PRICE 50 CENTS

WITNESS AFTER WITNESS IN BRAINERD

Such Evidence Our Readers Cannot Dispute

As we take up the Dispatch week by week, we are struck by the hearty, unmistakable way in which witness after witness speaks out as Mr. Bunnell does here: If these people were strangers living miles away, we might take little notice of them. But they are not. They are our neighbors, living among us. Their word is too easily proven to admit of any doubt. They speak out in the hope that their experience may be a guide to others.

I. E. Bunnell, carpenter, Brainerd, says: "I can certainly say Doan's Kidney Pills are as advertised. I have used them whenever my kidneys have been acting irregularly and they have always done good work. Sometimes my back has been lame and I haven't been able to get around and do my work. Sharp pains have caught me in my left hip and across my back. My kidneys haven't acted freely and the secretions have been burning. I have always used Doan's Kidney Pills when those attacks have come on and they have soon had me feeling all right."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the name that Mr. Bunnell had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

FASHION CALL FOR PAJAMAS

Garment Gaining Favor for House Wear Instead of Room Robes Got Over Footlights.

The French fashion for wearing ornate and brilliantly-colored pajamas in the house instead of room robes has been taken up in America. The fashion was exploited by the stage and got over the footlights to the public.

American women, however, are adopting the Chinese costume, which they call by the name of pajamas. The loose trousers are laced in to fit the ankles, and the feet are slipped into tiny Chinese slippers. There is a short tunic, in the Chinese manner, worn over the full trousers and often there is a wash in brilliantly-colored Chinese crepe.

There's not a gulf of difference fixed between the modern skirt, with its wide hips and tight hem, and the pajamas with their fullness at the hips and their laced ankles. These costumes are made in tulle, crepe georgette, and heavy white Chinese silk.

Easier Now Than Later

It is easier to break up a cold or check a cough now than it will be later. Persistent coughs that "hang on" at winter pave the way for serious throat and lung diseases. L. W. Day, 65 Campbell Ave., E. Detroit, Mich., writes: "Foley Honey and Tar relieves one of bronchitis very quickly." H. P. Dunn, Masf

PIMPLY? WELL, DON'T BE

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, bowels and liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's no sickness or pain after taking them.

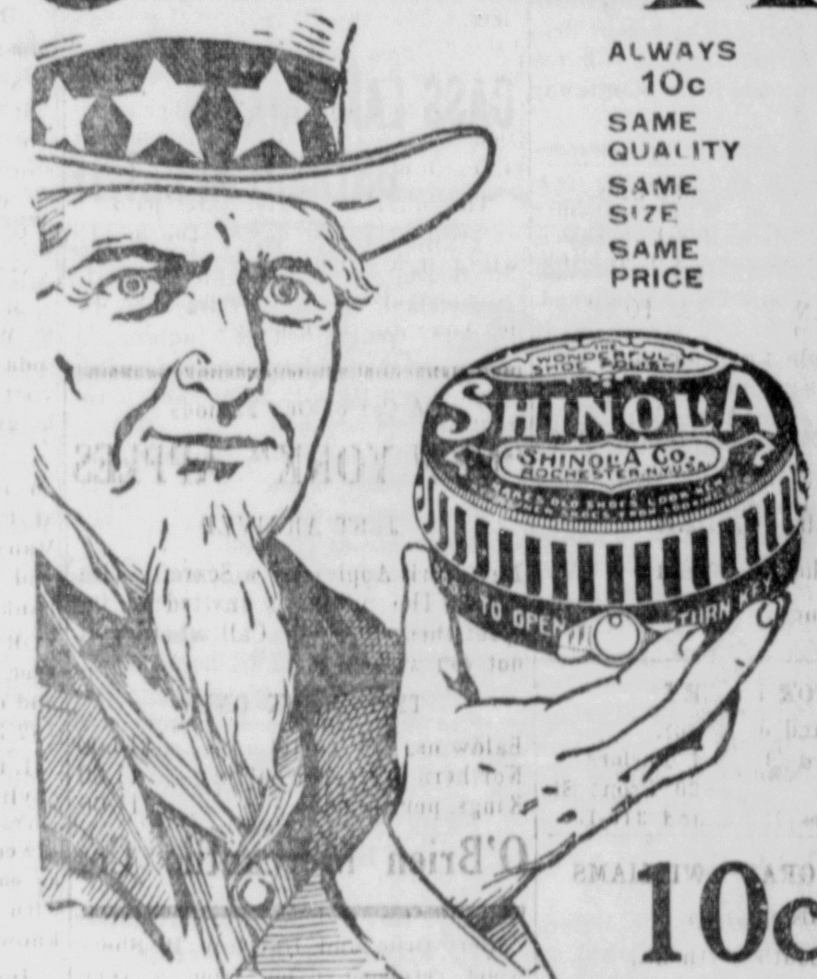

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating. No one who takes Olive Tablets is ever cured with a "dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result. Take one or two nightly for a week. See how much better you feel and look. 10c and 25c.

THE REPRESENTATIVE AMERICAN

Americans united to honor the birthday of the late Theodore Roosevelt, representative American. Mr. Roosevelt's work as police Commissioner, Secretary of the Navy, Colonel of the Rough Riders, Governor of New York and President, constitutes so intimate a part of the recent drama of American history that it is too soon to expect an adequate biography of the man.

Mr. Roosevelt gains in the perspective furnished in two recent biographies of him by William Draper Lewis and William Roscoe Thayer, but one comes closest to him through his own letters now being published. And how versatile and strong he is in this searching and intimate witness! Here he comes before us in the happiness of his home life, as the companion of his children, the lover of the great out-of-doors, naturalist, patriot and statesman.

Amidst all the duties of a strenuous public life he kept close touch with the best that has been done and said in the world, and he measured his own conduct by this standard. Where did he find time to write so many letters, lectures and books, and to familiarize himself with everything from Icelandic literature to Milton's "Defense of Liberty"? It is indeed a pity that he could not have lived to aid in the problems of reconstruction.

The inner witness of the letters and the judgment of the biographers confirm Mr. Taft's suggestion that, many and important as are the specific things accomplished by Mr. Roosevelt, his greatest contribution to American life lies in his influence upon the ideals of his country and the place he had in the hearts of the people. He demonstrated once and for all that democracy rests upon the integrity of the home, loyalty to the nation, physical strength and moral courage. The example of patriotism which he left is his best memorial.—Journal.

NORTHWEST NEWS

(By United Press)

Municipal Motor Buses

Winnipeg, Man., Oct. 29.—Plans designed to eliminate within six years street car transportation in Winnipeg and to replace it with a municipal motor bus service in all portions of the city are being discussed.

The city also intends to contest in the courts the constitutionality of the public utilities act of 1912, by which the public utilities commission was appointed.

The city claims that it interferes with former agreements between the city and the Electric Railway company, and that it does not conform with the Brith-North American Act.

Meanwhile the city intends to launch a municipal bus system, the first in several districts outside the business section, and later to develop it throughout the city.

Ultimately the city will control absolutely the transportation system of Winnipeg with out buying the company.

During the next six years the city intends to construct heavier pavement on streets to be traversed by buses.

City aldermen are convinced that the time is approaching rapidly when the street car systems will be obsolete.

CASS LAKE MAN'S OSTRICH APPETITE

Boston, Mass., Oct. 27.—Charles W. Buzzell, serving a sentence in the Deer Island House of Correction for forgery, complained of indigestion. Surgeons investigated and ordered an operation. Here is what they found in Buzzell's stomach:

Parts of a dog chain, two feet long.
 Safety razor blade.
 Suspender buckle.
 179-fragment of glass.
 Hay wire, staples, nails and screws.

Buzzell, who was a former Cass Lake clergyman, had accumulated the collection with suicidal intent. He asserts now that he is feeling better.

BANKER IS WITNESS IN PAN MOTOR TRIAL

Tells of Hot Debate Over Promotion Campaign in New Mexico

Chicago, Oct. 27.—Alexander Shipley, president of the Clovis National bank at Clovis, New Mexico, recited the details of a three-year fight against S. C. Pandolfo, head of the Pan Motor company, when called as a witness for the government in the trial of officials of the corporation, charged with using the mails to defraud.

He said the feud began in Clovis, N. M., when he and Pandolfo engaged in a public debate on the merits of the Pan Motor company as a business enterprise, in the course of which the banker denounced the plan of Pandolfo to enter the automobile manufacturing field as a stock selling fraud and advised residents of the town not to invest in the shares. This was July 19, 1916, and the fight has been continued ever since without interruption.

Later, as a result of the controversy Pandolfo filed a \$25,000 slander suit against Shipley and the banker retaliated by beginning criminal proceedings against the promoter. In 1917 both contestants entered into an agreement by which both suits were dismissed, but within a few weeks the fight apparently was again renewed with more vigor than ever.

Minneapolis "Ad" Men Investigated

At this time the vigilance committee of the Minneapolis branch of the Association Advertising Clubs of the World and a representative of the Minnesota Capital Issues commission joined hands with Shipley in tracing Pandolfo's early record in the Southwest, and it was learned that the Pan Motor company had, years before, induced a large number of persons in Texas to buy stock in the Alamo Life Insurance company, the organization of which, it was claimed, was never completed.

Earlier in the session, Mrs. Sarah E. Clark of Belen, New Mexico, caused some excitement by testifying that Miss Florence Coleman, an employee of the Pan Motor company, visited her at her home after she had been subpoenaed as a witness in the case by the government and gave her \$50 to pay her expenses to St. Cloud, Minn., to inspect the company's plant.

Tampering With Witness Alleged

Mrs. Clark returned the money and declined to make the trip. When Judge Landis demanded an explanation of the alleged attempt to interfere with a government witness, counsel for the defendants informed

He Introduced Bill Which Makes Nation Bone Dry

Here is the man who introduced the bill in congress which makes it illegal to sell in any part of the United States beverages which contain more than one-half of one per cent of alcohol. He is Rep. Andrew J. Volstead of Minnesota, a republican.

the court that Mr. Pandolfo had sent Miss Coleman out to interview stockholders who might be called as witnesses and had provided her with \$500 for expenses.

12,000 CHICAGO TRAINMEN VOTE FOR WALKOUT

Balloting on Plan to Strike Thursday in Progress All Over Country

Chicago, Oct. 28.—Fourteen lodges of the Brotherhood of Railroad trainmen, representing 12,000 men in the Chicago switching district, voted at a secret meeting Sunday to strike on Thursday unless their wage demands are met in full.

A vote on the proposition is in progress in the other lodges of the 180,000 trainmen throughout the country.

Will Confer With Hines

A committee of the brotherhood's grand lodge, headed by President W. G. Lee, will confer with Director General Hines in Washington Wednesday.

Included in the trainmen's brotherhood, which is one of the "Big Four," are all passenger and freight brakemen and suburban service and yardmen.

The history of the demands, which were formulated at the triennial convention in Columbus, Ohio, in May, was included in the strike message sent to President Lee. The demands were filed with the board of railroad wages and working conditions July 3.

Proposed wage rates were discussed with the board from July 21 to July 31. The rail men held out for not less than \$150 a month.

Statement Is Issued

At the meeting Sunday, impatience with Mr. Hines and the wage board was expressed.

The strike declaration, after declaring that the present action is taken with "no tinge of un-Americanism, no tinge of Bolshevism, no tinge of red, but the highly aggravated feeling of our members must not and cannot be ignored," states:

"We have staunchly supported the cause of our government in its fight for democracy by contributing thousands of men to its fighting forces and unlimited dollars to its funds. We are determined more than ever to respect Old Glory, her cause and her armed forces, but we also are set in our determination that we shall not be deprived of any rights or wages that Old Glory and her armed forces together with all other American institutions, should guarantee all American workers."

Cummins Bill Announced

Another resolution adopted denounced the Cummins bill as "making wage slaves out of 2,000,000 free-born American citizens" by providing fine and imprisonment for railroad employees who strike. The national officers are requested to organize machinery and funds to oppose its enactment.

Besides Mr. Lee, the committee which is to meet Mr. Hines, is composed by five general chairmen from each of the Eastern, Western and Southern switching associations, the chairmen of the Chicago Switching association and the vice presidents of the brotherhoods. These 23 men have been ordered to call the strike.

AMUSEMENTS

HOUDINI LIKES MAGIC

Hero of "The Grim Game," is Expert at Ledgerdemain—At the New Park Theatre Again Tonight

Every public character is said to have a hobby. In the case of Houdini the famous handcuff king, who is star of "The Grim Game," a Paramount-Artcraft picture to be shown at the New Park theatre again tonight, it is magic. Though he devotes his art chiefly to self-liberating feats and big illusions, Houdini is an expert at all kinds of ledgerdemain. He says that magic is an obsession, like golf. Once it "gets" a man, it never leaves him.

Houdini, the famous handcuff king, is a star reporter in "The Grim Game," his Paramount-Artcraft picture which is being shown at the New Park theatre today. The death-defying experiences which he undergoes in order to secure a "scoop" for his paper effectively discourage anyone in the audience from wishing to enter the newspaper business. All speed limits for thrills are exceeded in this picture, which discloses Houdini as the hero of an entertaining mystery melodrama. It is well worth seeing and contains a smashing climax that is unforgettable.

"Kiss Me Again"

The Adeline Amusement Company, Inc., are presenting Frederick V. Bowers, America's favorite light comedian in a new musical comedy entitled, "Kiss Me Again," and which will have a local showing at the Park theatre Friday, Oct. 31. Mr. Bowers who has composed some of the most popular ballads of the past decade will long be remembered for his "Always," "Because," "Wait," "Lucky Jim," "When I Think of You" and others, has written some of the catchiest music of the long career as a song writer, so it is said, for the "Kiss Me Again" entertainment. The music for the following productions were also from his pen: "His Bridal Night," "Melnyre and Heath's 'Hill Tree,' Roger Brothers' Shows, "The Sweetest Girl in Paris," "Commeçment Days," "My Cinderella Girl," "I'm So Happy" and others.

His new musical play contains 20 musical numbers and Mr. Bowers claims that they are as tuneful as anything that he has ever written. Among them are "Kiss Me Again," "If I Ever Get You," "Someone," "There's a Dear Little Girl in a Dear Little Town," "My Vampire Girl," "Sahara," "Love Me All the Time," "I Love That Tune," "If You Knew What I Know" and others.

The books by Walter Heminway who has furnished the stage some very clever musical comedies in the past and it is said that his newest efforts have all the elements of success as the book contains animation, frivolity, clever and original lines and a very pretty little love story. The company contains a Peacock Alley chorus which means class in every particular. Seats are now on sale.

"Up in Mabel's Room"

A frivolous farce of feminine follies best described "Up in Mabel's Room," the famous New York farce which A. D. Woods will present at the New Park theatre on Sunday evening, Nov. 2, direct from a year's run in New York and Boston. "Up in Mabel's Room" was one of the

Don't Neglect Your Breakfast

The Fear of Indigestion Often Prompts One to Start the Day Wrong. Eat What You Like, Take a Stuart's Dyspepsia Tablet and You're Safe

Breakfast offers many of the most savory dishes of all the things we eat. And yet more people than otherwise go without breakfast save a roll and cup of coffee for fear of indigestion. If you like a fried egg, or some buckwheat or sausage for breakfast go to it and follow with a Stuart's Dyspepsia Tablet. You'll have no trouble. The average person who neglects breakfast will be hungry before noon. Most men smoke to kill the appetite, or munch on something to carry on till lunch time. An empty stomach under these conditions is not storing up energy, but on the contrary, is susceptible to many influences that may work hardship for the next day. The next meal is advisable to eat three good meals a day and digest them. If the stomach seems to be weak, to help it or give it assistance is the rational thing to do. Try a good breakfast and follow it with Stuart's Dyspepsia Tablets and you'll soon learn that regularity of meals follows a natural tendency, not an acquired one. You will find Stuart's Dyspepsia Tablets on sale in almost all drug stores throughout the United States and Canada.

conspicuous metropolitan successes of last season, and is said to be one of the funniest and most original farces in recent years. It is, briefly, the story of how a young man's indiscretion came back to plague him in the very first days of his honeymoon. The evidence in the case was nothing less than a pink chemise, inscribed with the donor's name, and in the possession of the fascinating but mischievous widow to whom it was given. All the action transpires in a country home on Long Island, where the unfortunate hero and his bride are spending their honeymoon. The climax occurs in Mabel's bedroom and is said to be as daring and novel as it is exciting and amusing. The play has been beautifully mounted and elaborately gowned. The notable company includes Julie Ring, Dorothy Fox Slayton, Carewe Carvel, Dorothy Blackburn, Jeanette Bergead, Sager Midgley, James Norval, Nicholas Judea, Frederic Clayton and Joseph A. Bingham.

PRACTICALLY ON CASH BASIS

Little Real Credit Business Is Done by Foreign Firm Operating in China.

When a foreign firm opens up in China one of its first cares is to select a comrade, writes "Americans" in Asia magazine. This individual is usually a wealthy merchant of the town with considerable property. He becomes, not an employee, but a kind of associate of the foreign business man, and while keeping up in many cases his own independent commercial ventures, he establishes an office connection with the firm's offices, where he acts as intermediary for all transactions with Chinese customers. No Chinese order is booked without his approval, for he takes the place of our "credit man" and knows who can be trusted and to what extent. But he differs from the credit man in that he, in return for a commission on the transaction, assumes full responsibility for it and pays up himself if the customer defaults. Being a man of property he can do this, and to make assurance doubly sure, the foreigner usually requires him to deposit security in the form of title deeds to land or even cash in some cases. When the goods are finally delivered it is not usual to give long credits. In one of the principal parts of China payments are usually made at once through what are called native bank orders, i. e., checks dated five or ten days ahead and certified by some Chinese bank. In other words very little real credit business is done, according to our idea of that term, and it is consequently not surprising that there are so few losses.

A Message for the Middle-Aged

Foley Kidney Pills give quick relief from kidney or bladder troubles that have not reached a chronic or bad stage. They stop bladder irregularities, strengthen the kidneys and tone up the liver. PUT CREAM IN NOSE AND STOP CATARRH

Tells How To Open Clogged Nostrils and End Head-Colds.

You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dullness, headache, no yawning, snuffing, mucous discharges or dryness; no struggling for breath at night. Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, and relief comes instantly. It is just what every cold and catarrh sufferer needs. Don't stay stuffed-up and miserable.

CHARTER COMMISSION ON NEW AMENDMENT

Takes Cognizance of the Financial Needs of City in These Days of Reconstruction

ADEQUATE WAGE, UNION HOURS

New Charter When Framed Did Not Provide for Such Extra Expense and Increased Cost

The charter commission at its Tuesday meeting has endorsed a plan for an emergency levy of 3 mills to take care of unlooked for indebtedness and expenses of the city. According to the proposed amendment this is not to be levied unless concurred in by unanimous vote of the city council. The emergency levy, so gained, can be distributed to any city fund needed upon the assenting vote of seven of the city council.

The need for financial relief in conducting various city departments was impressed on the charter commission, ten being present, by H. F. Michael, chairman of the finance committee of the council.

He outlined the budget for next year which showed that under present conditions many civic activities could not be administered or taken care of under the present levy.

The council favors adequate wages and union hours. The new charter when framed, took cognizance of conditions some years ago, but no one had an idea of the needs of the present day reconstruction period.

The amendment will be drafted and submitted to the council and a special election ordered shortly at which the voters will decide the issue.

MONEY BACK FOR BACON BUYER

Postmaster Announces Refund of 14 Cents a Pound to Consumers

Postmaster E. A. Purdy of Minneapolis has announced the postal department would refund money to all persons who included bacon in their army surplus food purchases.

The amount to be refunded, he says is the difference between the army store charge of 23 cents a pound for bacon and the charge made by the postoffice department of 37 cents the pound.

As most of the army surplus stock of bacon was purchased by the consumers in 12 pound cans, this will mean a return of approximately \$1.50 on each can, he said.

CITY HAS BUT 6 DAYS COAL SUPPLY

Records Kept During War Days Reveal Quickly the Coal Needs of the City of Brainerd

THE DEALERS ORDERED EARLY

But the Docks Have Been Slow to Forward Supplies—Situation Not Encouraging

Brainerd, like many other Minnesota towns of its size in a section in which wood fuel is being rapidly depleted, is ill prepared to weather any long embargo on coal shipments, should the miners strike become effective.

Brainerd never has much more than a six days' supply on hand. Whenever there is severe weather, poor roads, etc., what little farmer supply of wood is brought to town, immediately shuts off.

According to the system of government reports during the war the coal needs of Brainerd as well as any other town may easily be determined. The city annually requires about 15,000 tons of soft coal and 4,600 tons of hard coal, according to figures of one coal dealer.

The big railway shops get their coal independently of the city. In the city annual coal needs of Brainerd schools are approximately from 500 to 600 tons, court house 50 to 60 tons, Ransford hotel 350 tons Iron Exchange 350 tons.

Deliveries from the docks are far from complete, although orders were placed early to take care of just such a situation as the strike if effective, has produced.

Obituary

Mrs. Minnie Bykkonen died at the home of her daughter, Mrs. Andrew Bikkie of 513 S. 12th St., Brainerd, October 25, 1919, at the age of 71 years, of a complication of diseases incident to old age. She was born in Finland on February 9, 1848.

She leaves to mourn her loss, one brother, one sister, four children and twenty-two grandchildren. She was a widow, her husband having preceded her five years ago. The funeral was held Monday from the Apostolic Lutheran church, which was largely attended.

A Drop of Water.

If a drop of water could be magnified to the size of the earth, each of its molecules would appear no larger than a baseball.

IT PAYS TO ADVERTISE

GRADING ROAD TO MILLE LACS LAKE

Zontelli & McCullough, Range Contractors, Are Making Good Progress

ROAD MAY BE READY IN JULY

Division B. Finished, Road 30 Ft. Wide Across the Top (Ironton News)

The grading and preparing of the road to Mille Lacs lake, which is being handled by Zontelli & McCullough, is going forward at a surprising rate. The first part of the contract, Division B, has already been finished and work is being pushed on the rest of the work. About 7 1/2 miles of the contracts are done. There are between forty and fifty teams at work and about 70 men. It is expected to finish the stretch to the lake in two weeks, the crews at present being within one-half mile of the lake.

The contract calls for the completion of the work by Dec. 1, 1920, but it is estimated that the road will be ready by the first of July. The part of the road handled by Zontelli & McCullough is 15 miles in length. The road will be 30 feet across the top, and it is planned to surface it with gravel this winter. After reaching Mille Lacs lake the road extends 5 miles along the west side of the lake to the Mille Lacs county line and 2 1/2 miles along the north side to the Aitkin county line. In the contract there is guard rails of a total length of 1 1/2 miles, and five bridges and between 30 and 40 culverts will have to be put in.

This highway is known as the State Highway Federal Aid Project No. 51, being part of the road built by funds from the state and county combined and to insure better highways for Minnesota and offer some inducement for the traveler who goes by auto to stop in our communities and look over the prospects.

HARVEST FESTIVAL THANKSGIVING

Each year about this time in all parts of the country, the Salvation Army has celebrated what we call Harvest Festival week, when the farmers and all others who have been blessed with plenty and a little to spare, are appealed to, for a thanks offering to help support the good work of the Salvation Army. If those who read this will take a few potatoes, cabbage, a chicken, a few eggs or any thing good to eat, or any

thing good to wear or that can be turned into cash to the Salvation Army hall on West Front Street or to their quarters at 794 North Broadway (8th St.) it will be greatly appreciated. At this time and to give will do you good if you give as unto the Lord. Someone has said:

"The best investment of all is that which calls for some degree of sacrifice and which yields as interest the gratitude of your fellow man!"

Give the Salvation Army some thing to assure our Harvest Festival effort being a grand success, that those who are responsible for such work in this vicinity may not suffer for the want of necessary comfort during the winter months. Every thing given will be used here at home.

Respectfully yours,
CAPTAIN O. W. KNAPP
Commanding Officer

Forerunners of Sickness

Indigestion and constipation are the forerunners of half the ills of mankind. When food is properly digested, you are free from biliousness, gas, bloating, sick headache, sour stomach, coated tongue, Folex Cathartic Tablets cleanse the bowels, sweeten the stomach and invigorate the liver. ENFORCEMENT OF QUARANTINE FOR FLU

State Regulations Sent to the Local Boards of Health Throughout the State Treasury

TO POST LARGE NOTICES

Public to be Warned in Case Contagion Exists in Any Home, The Various Regulations

Rigid enforcement of the quarantine law of the state of Minnesota for Spanish influenza is the instruction sent by the state board to every local board in the state.

Regulations tending to prevent another epidemic of influenza have been formed by the state board. There are strict measures outlined in the instructions of the state board. These in brief are:

The disease must be reported. Premises quarantined. Secretions of the nose and throat destroyed.

Children kept home from school until five days after subsidence of last clinical case.

Visitors excluded. Wage earners kept away from sick. Handling of foodstuffs for sale prohibited by contacts.

Use of face masks advised. Quarantine maintained until five days after death or recovery.

Health officer to institute proper procedures.

Public meetings prohibited. Exposed persons excluded from other gatherings.

Attention given to proper cleansing of eating utensils. Foodstuffs must not be handled by infected persons.

In case of death private funerals; sealed caskets. The health officer shall isolate the infected person and attendant from other persons living in the same premises.

All persons in the household where a case of influenza exists should be required to remain in quarantine until five days after the death, or subsidence of fever and clinical symptoms, of such case or cases. An adult wage earner who has not been in contact with the infected person or attendance may continue his or her occupation. Any person living in such premises may be removed from quarantine after the lapse of five days from his or her last possible exposure to such case.

It is stated by the Minnesota board of health that all public meetings where an epidemic of influenza exists are prohibited except where they are specifically authorized by the board.

Where influenza exists all public eating houses are to be investigated and recommendations made for sterilizing dishes, etc.

Big placards have been prepared through the state board and these are to be posted on homes where a case or cases of the influenza exists.

CUYUNA

Cuyuna, Minn., Oct. 25—William Richards of Crystal Falls, Mich., is visiting here this week.

Miss Jennie Nelson of Woodrow was a week-end guest of the Herman Olson family.

Miss Geneva Petraborgh spent the week-end at Crosby.

Kenneth Volmer of Staples recently visited his sister and other relatives here.

Robert Marshman of Staples was a week-end guest of relatives here.

T. Nepheux and five young children left Saturday afternoon for Duluth, where they will reside.

Henning Olson was at Crosby and Ironton Sunday.

Mr. and Mrs. Barney Taylor and two sons of Deerwood recently moved here to make their home.

Miss Josephine Klem was at Pine Knoll during the week-end.

Mr. and Mrs. R. Larson and little sons left Saturday afternoon for Duluth, where they will make their home.

Margaret and Edwin Kealey were at Crosby Saturday afternoon.

R. W. Wedgewood, formerly cashier of the Cuyuna State bank, visited friends here Wednesday.

Miss May Buchanan spent the week-end with her relatives here.

Mrs. L. G. Acker and Mrs. W. McQuoid were recent Brainerd visitors. Mrs. A. Dulch was at Brainerd on Friday.

Mrs. R. L. Marshman and son Lawrence, left Monday for their home at Staples after an extended visit with relatives here.

Paul and Frank Buchanan and William Richards hunted ducks near Pine Knoll Sunday.

Mrs. Alex Johnson, who has been quite ill for the last three weeks, is now able to be about again.

Barney Taylor of Deerwood has rented the Buchanan brothers' pool hall and will conduct the same business. Several years ago Mr. Taylor

Coats! Coats!

For special pay day values we offer three lots of splendid coats. It is an opportunity to help in the high cost of living.

\$17.95 Black Melton Coats—one style with Kit Coney Fur Collars lined to the waist. Another style with large self collar lined throughout with Venetian serge. Both styles are belted. Sizes up to 46.

\$19.95 and \$24.75 Brown, taupe; green, grey, navy, dark red and black coats of all wool materials. Excellent heavy warm coats in this lot. Some lined throughout. Sizes 16 to 42. Most desirable coats at popular prices.

\$33.75 to \$44.75 A choice lot of attractive coats of good styles and colorings. Some have fur collars, others with self and plush collars. All are the types that women wish today. They are specially priced for pay day.

H. F. Michael Co.

had a drug store in the same building.

Mrs. P. Kenley and daughter, Nellie and Margaret, visited Crosby friends Sunday afternoon.

DEERWOOD

Deerwood, Oct. 28—John Torgerson, Deerwood pioneer, age 83, is very sick at his home.

A Halloween festival was given at the firemen's hall by the Standard Bearers.

F. B. Coon of Wadena and Isaac Hazlett of Minneapolis were in the village on banking business.

Charles Weekly, who has been sick at a Brainerd hospital, is much better today.

Mrs. B. A. Butler spent the first of the week with her sons, Ernest and Harry Butler in Brainerd.

Judge James T. Hale, of the State Tax Commission, was in Deerwood on a short visit.

John Swanson has gone to Chicago where he will make his home with his son, now a dentist.

O. E. Cunningham is now custodian of the fire hall, so appointed by the fire department.

Mrs. Thomas F. Cole visited in Brainerd Thursday.

Richard Fort is a new bus driver for the Cuyuna Range Transportation Co.

Members of the Odd Fellow lodge entertained friends at cards on Tuesday evening.

They Get Action at Once

Foley Kidney Pills invigorate, strengthen and heal inactive, weak and diseased kidneys and bladder. Mrs. O. J. Ellis, 505 8th Av., Sioux Falls, S. D., writes: "I suffered with kidney trouble; used to have severe pains across my back and felt miserable and all tired out, but after taking Foley Kidney Pills I am well." H. P. Dunn. mwf

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Brest Tea at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

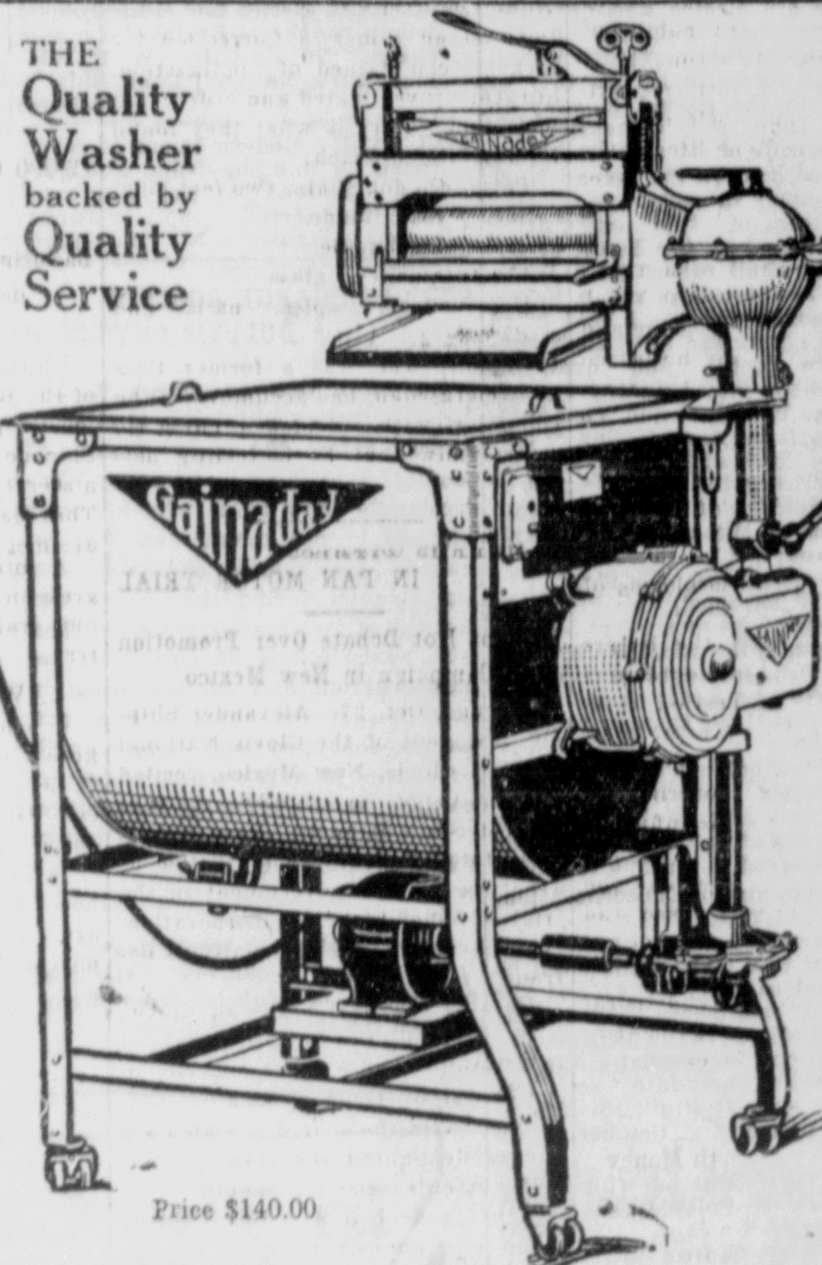

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Liniment

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 39 cent bottle of old, honest "St. Jacobs Liniment" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!

The Brunswick Ultona

**Plays ALL Records
At Their BEST**

ONLY on The Brunswick can you obtain this great feature—the Ultona all-record player. It is a year or two in advance.

With the Ultona you are not restricted to one make of records. You can play them all. And each is played as it should be, with the proper diaphragm, weight and needle.

Another determining feature of the Brunswick Method of Reproduction is the All-Wood Tone Amplifier, made entirely of wood on the violin principle. All metal construction is avoided, bringing out in rich clarity tones hitherto lost.

Once you know The Brunswick, all other phonographs lose their appeal.

Let us play it for you. Prices \$32.50 to \$1500.

ALL PHONOGRAPHS IN ONE

Articles of Incorporation of Echo Stock Farms, Incorporated.

Know all men by these presents, that we, the undersigned, whose names are hereto subscribed do hereby associate ourselves together and agree to be and become a corporation under and by virtue of Section 6144 Gen. Stat. of Minnesota, 1913 and all acts amendatory thereof and supplementary thereto, and to that end and for that purpose we, the undersigned do hereby agree to adopt and sign the following Articles of Incorporation.

ARTICLE I.

The name of this corporation shall be Echo Stock Farms, Incorporated, and the general nature of the business of the corporation shall be the raising or improving live stock and the cultivation or improving of farm or agricultural lands, and the principal place of transacting the business of the corporation shall be in the City of Brainerd, Crow Wing County, Minnesota.

ARTICLE II.

The time of commencement of this corporation shall be November 1st, 1919, and it shall continue for a period of thirty (30) years.

ARTICLE III.

The amount of capital stock of this corporation shall be Seventy Five Thousand Dollars (\$75,000.00) and shall be paid in such manner as is prescribed by the Board of Directors of the corporation.

ARTICLE IV.

The highest amount of indebtedness or liability to which this corporation shall at any time be subject is Fifty Thousand Dollars (\$50,000.00).

ARTICLE V.

The names and places of residence of the persons forming this corporation are:

E. H. Gruenhagen, George W. Schrepel and J. A. McKay, all of the City of Brainerd, State of Minnesota.

ARTICLE VI.

The government of this corporation and the management of its affairs shall be vested in a Board of Directors consisting of three stockholders, and the first Board of Directors shall consist of E. H. Gruenhagen, George W. Schrepel and J. A. McKay who shall hold office until their successors are elected and qualified. The first annual meeting of the stockholders of this corporation shall be held at its office in the City of Brainerd on the second Monday in January, 1920, and thereafter the annual meeting of the said stockholders shall be held on the second Monday of January in each year.

The officers of this corporation shall be elected by the Board of Directors and shall consist of a President, a Vice-President and a Secretary-Treasurer who shall hold office for one (1) year and until their successors are elected and qualified. Anyone person may hold any two offices except President and Vice-President. Until the first election of officers by the Board of Directors immediately following the first meeting of the stockholders of the corporation the officers of the corporation shall be as follows:

F. H. Gruenhagen, President, George W. Schrepel, Vice-President, J. A. McKay, Secretary-Treasurer. By-laws may be adopted by the Board of Directors subject to the right of the stockholders to alter, amend or repeal the same or to adopt new by-laws.

At all stockholders meetings each share of stock shall be entitled to one vote and any stockholder may vote by proxy if the authority to so vote is conferred in writing and filed with the Secretary of the corporation.

ARTICLE VII.

The number of shares of the capital stock of this corporation shall be Seven Hundred Fifty (750) and the par value of each share shall be One Hundred Dollars (\$100.00).

In Testimony Whereof, we, the undersigned have hereunto set our hands and seals at Brainerd, Minnesota, this 21st day of October, A. D. 1919.

F. H. GRUENHAGEN, (Seal)
GEORGE W. SCHREPEL, (Seal)
J. A. MCKAY, (Seal)
In the presence of:
M. E. RYAN,
CORA A. CAREL.

State of Minnesota, County of Crow Wing, ss.

I, a Notary Public within and for said County do hereby certify that on this 21st day of October, 1919, personally came before me, F. H. Gruenhagen, George W. Schrepel and J. A. McKay, to me well known to be the same persons described in and who executed the foregoing instrument and acknowledged that they executed the same freely and voluntarily and for the uses and purposes therein expressed.

M. E. RYAN,
Notary Public,
Crow Wing Co., Minn.
(Notarial Seal)
My commission expires September 25th, 1925.

State of Minnesota, Department of State.

I hereby certify that the within instrument was filed for record in this office on the 25th day of Oct. A. D. 1919, at 11 o'clock A. M. and was duly recorded in Book A-4 of Incorporations on page 594.

JULIUS A. SCHMAHL,
Secretary of State.

No. 67901.
State of Minnesota, County of Crow Wing, ss.

I hereby certify that the within instrument was filed in this office for record on the 28th day of Oct. A. D. 1919, at 9:30 o'clock A. M. and was duly recorded in Book K of Misc., on page 601.

Finnish Agriculture.

In spite of its northern position and its poor soil, agriculture is still the chief occupation of Finland, even though the cultivated area covers only 8.5 per cent of the land. The co-operative movement, the introduction and use of modern agricultural machinery and improved methods of cultivation have greatly helped in the development, but there is ample opportunity for further development. Cattle raising and dairying also have grown considerably the last decades. The lumber industry ranks second in importance, with about 61 per cent of the area of the country forest lands.

The Very Ideal!

Farmer—Got a posthole augur in stock, \$1?

Storekeeper—Why, ain't you done all your plantin' yet, H?

Farmer (registering innocence)—Plantin' what?

Storekeeper—Licker, you old fox!

DISPATCH WANTS GET RESULTS

RED CROSS ROLL CALL IS COMING

ORGANIZATION HOPES TO TAKE IN SEVERAL HUNDRED THOUSAND NEW MEMBERS.

EACH WILL PAY ONE DOLLAR

Something About the Plans for Future Activities Connected With the Army—How the Nurses Fared During the War.

By JAMES P. HORNADAY.

Washington. — Another American Red Cross roll call will be made November 2-11. If the expectations of the organization are realized, several hundred thousand new members will be enrolled. Each new member will mean one additional dollar for the work of the organization, for that is the price of admission. The peace activities of the Red Cross are to be multiplied many times compared with what they were before the recent war, and these activities will, of course, take money. An enormous amount of work remains to be done in Europe before the organization can withdraw, but in due time it is proposed to center all the activities in the United States.

The program of camp service activities in this country under the direction of the department of military relief provide for a recreation program at every general army and base hospital. It is expected that at most of these hospitals the running of moving picture shows once or twice a week will be all that is needed. There will be distribution of welfare and comfort supplies at both general and base hospitals. Where a general or base hospital reverts to the status of a post hospital the change to a minor program will be gradual and in keeping with the decrease in the number of patients during the period of transition.

Home Service Work.

The Red Cross activities at regular army posts, camps, cantonments, etc., are to be confined almost entirely to home service work. It is believed that at the present time this branch of the service is about all that is really needed for well and able-bodied men. Home service work is to be conducted at all stations among patients, corps men and able-bodied men alike. The new plans for expansion contemplate work among the people of every community. It is proposed, for instance, to have the Red Cross people interest communities in food preparation, home hygiene and care of the sick, participate in child welfare work, attempt to reduce the accident death rate by teaching first aid, and to lend a helping hand in getting our fighting men reestablished in civilian life. In addition to these things the organization, of course, must always hold itself in readiness to serve in case of epidemic or disaster.

Some idea of the magnitude of the service by the army nurses who were supplied through the nursing service of the Red Cross may be gained from a glance at the official report now available at the war department. Between the date of the entrance of the United States into the war and the day the armistice was signed 21,480 army nurses volunteered for overseas service. Of this number 10,245 got across and saw active service. Two hundred and sixty-six died from disease on the other side in the line of duty and three were wounded in action. Miss Julia C. Stimson, who directed the work of the army nurses, says in her report that it was not an uncommon thing for nurses to work from 14 to 18 hours a day for weeks at a time, and some hospitals with only 70 to 80 nurses cared for patients to the number of 2,100. One hospital had 5,000 patients at one time with 70 nurses to take care of them.

Great Shortage of Nurses.

This official report on the work of the nurses reveals that when the armistice was signed there were 184,421 American soldiers occupying beds in 153 base hospitals, 66 camp hospitals and 12 convalescent hospitals in France. Miss Stimson's report makes public for the first time the fact that there was a great shortage of nurses. If the battle of the Argonne had continued another week and the daily casualty rate had kept up, the problem of caring for the wounded would have been a most serious one.

One of the interesting chapters of the official report on the army nurses is that dealing with the living conditions of the nurses overseas. They withstood constant rain and penetrating damp cold; were crowded together in dormitories and slept in tents without floors or with canvas for floor coverings. There were periods when groups of nurses had nothing but ration food to eat, with fresh vegetables or fresh meat prepared and served in the most primitive manner. There were also times when nurses lived up for "chow" with their mess kits the same as soldiers. At some points the mud at times outside the nurses' quarters made walking impossible and there were places where no other form of recreation was possible. In the huts which quartered many of the nurses the electric light, if there was any, was too dim to permit of writing, reading or sewing and often there was no place warm enough to play games.

ROMAN HOMES IN ENGLAND

Researches of Antiquarians Have Brought to Light Many Things of Historical Interest.

A side road leads to the left from the Fosse Way of ancient memory, and winds along a valley beside the early wanderings of the Colne, in the English Cotswold country, a writer in the Christian Science Monitor says.

The car, chugging its way up the road comes to rest at last beneath the trees which crowd around the Roman villa, at Chedworth, and a patchwork carpet of sun and shadow invites to idle loitering in the warmth of a spring day. But suddenly one is ushered into the twilight of the Roman occupation, to gaze on fragments of mosaic flooring and scattered pillars and bricks and stones, all that remains of the prosperous home of some rich Roman who settled here in the dawn of English history.

The beautiful coloring and design of the mosaic floors are not more striking than the hollowed bricks, and furnaces which tell of wonderful heating arrangements, of greater efficiency than that of which most modern English homes can boast.

Here, beside the villa, laundries and baths would appear to have been a small smelting establishment, which must have once made the place a little hive of industry amid the wild surroundings of Britain.

All this lay undiscovered through the centuries till men came and unearthed it from the dust and debris and fallen leaves of well-nigh two thousand years.

Getting It Straight.

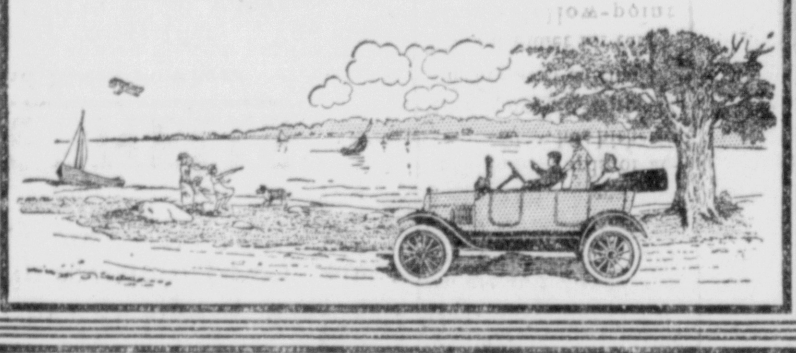

"Does Cholly live on the avenue?" "No, Cholly lives on his father, who lives on the avenue."

Ford THE UNIVERSAL CAR

The simplicity of the Ford car, its stability in construction, the famous heat treated Vanadium steel with its marvelous strength and flexibility, the low cost of operation and maintenance, its ease in operation, all have made the Ford car the great favorite in every land in the world. It's the one car that always satisfies and serves. A utility beyond question that all can afford. We will be pleased to have your order. Don't delay because the demand is heavy all the time. We have almost everything in motor car accessories, sell the genuine Ford Parts, and assure the best in mechanical repair work.
